SUMMARY

Undergraduate student in the International Undergraduate Program for Urban and Regional Planning at Diponegoro University, with practical experience producing GIS-based thematic maps and sub-district-level demographic projections. Proficient in QGIS, ArcGIS Pro, and AutoCAD, with additional experience in SketchUp for 3D visualization. Combines technical spatial-analysis skills with organizational and event-leadership experience. Seeking an Urban Planning or GIS internship applying these skills to real mapping and planning projects.

EDUCATION

Diponegoro University - Semarang, Indonesia

Urban and Regional Planning, International Undergraduate Program

2024 – Present | Expected Graduation: 2027

UPI Laboratory High School (Labschool) - Bandung, Indonesia

Social Science Track

2021 – 2024

EXPERIENCE

Urban Planning Intern - PT. Dananjaya Design Indonesia | 2022 – 2024

- Produced GIS-based thematic maps using QGIS and ArcGIS Pro for 16 sub-districts in West Bandung Regency - covering tourism, cultural, economic, and infrastructure themes - as part of a West Bandung Regency government-commissioned project to develop tourism villages (desa wisata).
- Developed income and population projections across the same 16 sub-districts, using BPS (Badan Pusat Statistik) data and linear and geometric projection methods.

ACADEMIC PROGRAMS

Summer Workshop 2026 — “City and Energy: Towards Sustainability, Resilience, Equity”

Faculty of Engineering, Universitas Diponegoro × University of Hawai‘i at Mānoa | July 2026

- Participated in an international workshop on urban energy, sustainability, resilience, and equity, combining lectures, field visits, group discussions, and a final group presentation/exhibition.
- Contributed to a group project analyzing land subsidence and tidal flooding in Sayung Village, Demak Regency (Central Java) - a 55-hectare, flood-prone basin subsiding up to 15 cm per year - and proposing solar-powered drainage pumps to sustain habitable, productive land.

LEADERSHIP & ACTIVITIES

Association of Planning Engineering Students (HMTP), Diponegoro University

Junior Staff, Training & Development Division (2022 – 2024) - Person in Charge (PIC), Plano Pustaka Program; Economics & Business Field Intern (2024)

- Served as PIC of Plano Pustaka, a platform sharing lecture materials and elective-course (MKP) information with Department students; achieved 90% availability of materials shared by lecturers, with 2 material distributions and 1 course-info session delivered per semester; also served as Master of Ceremony for the department's Sosialisasi PKM event (35 participants).

UKM Homeband DPWK, Diponegoro University - Member | 2022 – 2024

Labschool Angklung Orchestra (Lachestra), UPI Laboratory High School - Logistics Coordinator | 2022 – 2024

- Managed logistics equipment inventory and ensured the security of materials for orchestra performances.

Tarchestra - Project Officer (Apr 2023); **Peduly Bandung** - Volunteer Member (Apr 2025) -

AWARDS & COMPETITIONS
